1.3 HSE Vision

Our Health, Safety, and Environmental Vision:

The Cross Group realizes the importance of HSE to the well being of our employees, our community, the environment, and ultimately our Company. We will strive to continually educate our employees and involve them in achieving our HSE goals.

Realizing the hazards associated with the type of work we perform, The Cross Group continues to push forward to minimize and eliminate the occurrence of incidents throughout our work environment. We believe that “ZERO ACCIDENTS” is achievable and we will continually strive toward this goal. The Cross Group is determined to be a leader in safety for the oilfield service industry.
